Docket No. 98N-1265

Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I don't want the government to decide what's best for me. That should be decided by my doctor & me.

COMMENTS: I prefer to use the compounded prescriptions for my menopause based upon my individual health needs. They have made a great difference in my quality of life & health. It has helped tremendously in my sleeplessness & anxiety which I used to suffer from.

I do not want my ability to get these prescriptions diminished in any way. I object to this happening.

I need & want these medications. The prescriptions are not available from commercial pharmaceutical manufacturers or most local pharmacies

Please fold, seal, and mail by June 1
